**Javier SOLANA,
EU High Representative for the CFSP,
welcomes the IAEA Board resolution on
Iran's nuclear programme**

Javier Solana, EU High Representative for the Common Foreign and Security Policy, welcomed the adoption by the International Atomic Energy Agency Board on 24 September of a resolution on Iran's nuclear activities:

"I welcome today's adoption by the IAEA Board of the resolution on the implementation of the non-proliferation safeguards agreement in Iran.

I am pleased that the resolution received broad support from the members of the IAEA Board.

I welcome the fact that the resolution leaves the door open to a settlement of the Iran nuclear issue through further negotiations."
