receives Iranian response to E3+3 offer**

Javier SOLANA, EU High Representative for the Common Foreign and Security Policy (CFSP), today commented on the response received from Iran to the E3+3 offer:

"The Iranian response to our offer was received today.

The document is extensive and therefore requires a detailed and careful analysis.

Pending this detailed analysis, I will be in contact with the different key interlocutors and will remain in open contact with Dr Ali Larijani, as we agreed on Sunday in our telephone conversation."
